

## Unit 13 — Negative Numbers

TB: Textbook

WB: Workbook

Lesson	Objectives	Materials	Resources	
<b>Chapter 1: Addition and Subtraction</b>				<b>3 days</b>
13.1 Addition and Subtraction	<ul style="list-style-type: none"> <li>• Review negative integers.</li> <li>• Add a negative integer to a positive integer.</li> <li>• Add a negative integer to another negative integer.</li> <li>• Solve word problems involving addition of negative integers.</li> <li>• Subtract a negative integer from a greater integer.</li> <li>• Subtract a greater integer from a negative integer.</li> <li>• Solve problems involving subtraction of negative integers.</li> </ul>	<ul style="list-style-type: none"> <li>• Appendix 13.1</li> <li>• Coins</li> <li>• Counters</li> <li>• Dice</li> </ul>	TB: pp. 162–169 WB: pp. 145–147	
<b>Chapter 2: Multiplication and Division</b>				<b>3 days</b>
13.2a Multiplication and Division	<ul style="list-style-type: none"> <li>• Multiply negative integers with positive integers.</li> <li>• Solve problems involving multiplying negative integers with positive integers.</li> <li>• Multiply negative integers with negative integers.</li> <li>• Solve problems involving multiplying negative integers.</li> <li>• Divide negative integers.</li> <li>• Solve problems involving dividing negative integers.</li> </ul>		TB: pp. 170–174 WB: pp. 148–149	
13.2b Practice A	<ul style="list-style-type: none"> <li>• Solve problems involving negative numbers.</li> </ul>		TB: pp. 175–177
